The NMSU Youth Ranch Management Camp held June 9-14, 2024, was a life-changing experience for youth. They do not participate in recreational activities and crafts, but received college-level instruction in managing a ranch.

They were introduced to the many aspects of running a ranch, from financial statements and marketing strategies to producing quality beef and managing natural resources and wildlife.

Hands-on curriculum provided participants with information to develop a ranch management plan for a scenario similar to the host ranch.

The Ranch Management Camp is held on the CS Cattle Company's 130,000 acre ranch at the foot of the Sangre de Cristo mountain range near Cimmaron, NM.

“Ranch Management Camp helps youth appreciate the ‘why’ behind ranching.”

Breaking down a complete beef carcass into industry standard cuts.
