Dear Commissioner Katherine A. Bruch,

While I live on the other side of the mountain from Placitas I am also a PNM customer, concerned with electric rates, reliability and clean energy. I am writing to urge your support for the Diamond Tail Solar Project in Sandoval County.

This project will provide good local jobs during construction and an ongoing revenue stream of \$millions to the county to help pay for roads, schools and other needs.

It will also further our states transition to the cleanest source of electricity, solar power. I have heard the arguments both in favor and opposed and am convinced that on balance this project will provide a huge net benefit to the local community, the county and the state.

Please vote to approve it.

Sincerely,

Thomas Solomon

Albuquerque, NM 87122-1155
