Ms. Yank,

I think at this point it would be more appropriate to request additional time at the hearing itself. My reading of the applicant's response to the most recent deferral request was that they would not object to a reasonable amount of additional time. That said, they may feel differently Tuesday and if additional time is granted to any appellate, an equal amount of time will be granted the applicant.

Best,

Dear Mr. Johnson,

I am having a difficult time making my presentation testimony in my allotted 2 minutes. Can I request an additional 2 minutes just for the TTRA seeing as we submitted two appeals?

By no means do I want this to interfere with the other 9 appellants allotted time, so they will still have 18 minutes after I speak as I will be the first presenter.

At any rate, I change my Powerpoint presentation attached here to help me to address my concerns quicker. **Please use this updated PPP for my presentation in the hearing.** Again, I would like to be able to control the changing of each slide as I speak. Might we meet a bit early to make sure our projections are working correctly before the hearing starts?

Thank for your quick response as is necessary in this matter,
Karen Yank

Dear Mr. Johnson and Mr. Beaman,

Here is the TTRA's Powerpoint Presentation to be projected on your screen during my verbal testimony at the appeal hearing. I would also like to be able to control the changing from one slide to the next during my presentation to our commissioners. This is not to be posted, but just for my use in our hearing presentation.

Thank you for your assistance,
Karen Yank
