Commissioner Herr asked the County Manager, Wayne Johnson the status of the animal care facility. County Manager answered accordingly. Commissioner Herr stated he did know they covered it recently but they asked the questions so he wanted put it on the record. Chair Meek discussed the transition and they have some money and their trying to utilize that money in the best way possible without wasting any of it. I hear there might be some problems that people are observing, he just thinks it too premature to grade them on the whole project with what they have now. Vice Chair Juarez asked the County Manager, Wayne Johnson asked how many Kennels will the new facility get. County Manager, Wayne Johnson answered appropriately. Commissioner Bruch discussed ordinance revision through the sheriff's department, community services and legal. They want to make sure the ordinance gets out in front of the community prior to us having the shelter go live. The permitting side will be what they are looking hard at. We do have an amazing community lost of fosters, volunteers, non-profits who have helped and support us. We don't have a lot of space, the plans for the future is to provide a resource center.
